

SPEC Sensors' part numbers 100-102 and 100-105 have UL and ETL recognition. These sensors may be purchased as the sensor only using the part numbers above or mounted in various packages as described below. Recognized Components (FTAM2) are Model 3SP-CO-1000F1F3 Electrochemical Carbon Monoxide Sensor (part number 100-102) and Model 2SP-CO-1000F1F3 Electrochemical Carbon Monoxide Sensor (part number 100-105).

File E471165

The Models 3SP-CO-1000F1F3 (PN: 100-102) and 2SP-CO-1000F1F3 (PN: 100-105) are UL Recognized Components in accordance with the requirements of ANSI/UL 2075.

Conforms to UL STDS 2034 & 2075

Certified to CSA STD 6.19-01
